On December 23, 1963, [REDACTED]

[REDACTED] New York City, advised that he has frequently observed JORGE MORALES in the apartment building and it was his impression that MORALES is mentally disturbed or a drug addict.

On January 11, 1964, a letter addressed to Mr. HOOVER, Federal Bureau of Investigation, New York, Congress of the United States, Mr. President, HOOVER, Federal Bureau of Investigation, New York City, was received. It was post-marked at New York, New York, January 9, 1964. The envelope contained a return address of JORGE MORALES, 310 West 95th Street, apartment 61, Manhattan, New York. The letter is dated January 8, 1964 and was incoherent. The letter was translated from Spanish. The salutation indicated that the writer was addressing himself to the President of the United States of America. He started out that the omission of the word "Honorable" from the salutation is deliberate because he does not consider the addressee worthy of honor.

The writer describes himself as a bricklayer who successfully plotted the assassination of President KENNEDY. He claims he was able to do this by investing nine cents in a post card to the United Nations; five cents for the card and four cents for the stamp.

He stated that he had President KENNEDY assassinated because the President failed to pay him \$300,000 for a report on Cuba's "Moral Missiles" that he allegedly sent via the Spanish Embassy.

He challenges the addressee to have him disposed of in the usual fashion: in a dark alley, with the executioner to be later executed by another gangster.

Along with the addressee, he disparages the whole American nation. Among other things, he says: "Let me have my money and I will get out of this country never to set foot again in this sewer."

NY 105-65014

A separate note attached to the letter reads: "Mr. Hoover: I could not write this letter in a different way, because I would feel like a coward. I am decent, but I am a man. Do what you please."

This letter also contains three cryptic lines. They read: "B y a s e S s d A y l c d m s m n c e j s m d p e e j i d s s N. Amen Jesus." ?

Sources and informants familiar with certain aspects of Cuban activities in the New York City area were contacted during December, 1963, and January, 1964 with negative results.

b7c On January 8, 1964, [REDACTED] Immigration and Naturalization Service, advised he could locate no record for the subject.

On January 20, 1964 the files of the Bureau of Special Services, the Bureau of Criminal Identification and the Credit Bureau of Greater New York were checked with negative results regarding the subject.
