Dear Miss Boehle,

In your letter of the seventh you report that my letter of 11/28/73 did not reach Dell. It also was not returned to me.

I enclose a carbon of it.

Because my mail has been so heavy on these titles for more than four months and because Dell has no remaining copies, I would appreciate it if a record of my correct address could be made by the clerks who forward mail. I have copies of the original editions and am selling them.

I look forward to full royalty statements. Please note the second and third paragraphs of my letter of 11/28 in this connection.

Sincerely,

Harold Weisberg
