Dear Mr. Heisberg,

Recently I tried to purchase your books Whitewash I and Whitewash II and was informed that they are no longer being published. This was very perplexing to me. Because you decry so intensely against our federal agencies, it seems almost as if your investigations are being suppressed. Is this true?

Since I am only sixteen years old I have not been able to do extensive research on the assassination but I have read numerous books on it. I intend to continue with it through my life with substantiation as my goal.

I would like to keep in touch with you while doing my studies. Also,

in the future I would
like to send you my
speculations and ask
you for your criticism
and for opinion.

I figure your mail
is probably read by the
F.B.I. before it gets to you,
and possibly as it leaves
you also, so I would
understand if you wish
not to comment on the
subject. You never know,
they'd probably accuse you
of propagandizing a little
girl's mind!

Respectively Yours,
