Dear Harold:

Sorry I haven't written sooner; but it's been a hectic period.

I arrived back in New York a few weeks ago and since then I have been searching for a new apartment. I was also robbed several nights ago, Sonia and I are talking about soon getting married and right now I am in bed with a bad cold.

Enclosed ^{is A} ~~are two~~ statements---sent to me by Dell--- of the account on Whitewash II. I have one copy. Nothing was sent yet on Whitewash.

You might find it ironic to know that a friend of mine who is an AP reporter in Rome wrote a novel and who do you think his agent in London is? Gordon Harbord.

I hope that both you and Lil are in good health. Is ~~anything~~ anything being done with Coup?

I'll try to call you soon but it is necessary that I save some money too. I am working at the office and studying for comprehensives at the same time.

Best to Lil.

Sincerely,
