

11/18

In speaking to Peter Smith, buyer at Baker and Taylor this a.m. he told me that Dell had just been in touch with them yesterday to inform them that Dell is distributing WHITEWASH. One or both of the two packages each of 100 I had sent to B&T had something happen to it and the address was illegible.

I told Smith Dell was supposed to be distributing but seemingly hadn't hence I had shipped from here.
