Dear Mr. Chairman,

I have been watching your new investigation of the J. F. Kennedy assassination.

I don't know whether or not this will help you, and then again, it might clear up the whole mess.

In 1972 I was an inmate at the Federal Penitentiary Atlanta. A close friend of mine, who was also an inmate of that institution told me a story concerning someone he knew, who was involved in the Kennedy assassination. And supposedly one of the few surviving conspirators.

If you interested, I am presently serving a sentence at the state prison, Somers, Connecticut.

Respectfully,

P.S. (no publicity)
