General Counsel  
The President's Commission  
200 Maryland Avenue, N. E.  
Washington, D. C.

Dear Mr. Rankin:

Reference is made to our letter dated January 21, 1964, dealing with Lloyd John Wilson. Our letter of reference advised that we were following the disposition of the case involving Wilson in Chicago, and that you would be advised in this regard.

In this connection there are enclosed two copies each of two reports in the Lloyd John Wilson case dated May 14 and May 20, 1964, at Chicago, Illinois. The enclosed material concludes our investigation of Lloyd John Wilson, and we do not intend to conduct further inquiry concerning his claimed association with Lee Harvey Oswald.

Sincerely yours,

NOTE CONTINUED:

This has been completely disproven and the Commission so advised by letter of reference. Wilson in Chicago also made verbal threats against President Johnson and Secret Service arrested him. The Federal Court, Chicago, held him for psychiatric examination locally and later ordered him to the Medical Center for Federal Prisoners at Springfield for further study. He was found competent to stand trial, however, the Secret Service charges against him in Chicago were dismissed on May 5, 1964, and he has been paroled to relatives in Venice, California. He is to undertake psychiatric treatment as out patient in San Jose, California. There is no further interest in Wilson from the Oswald aspect.

NOTE FOR INTERNAL SECURITY SECTION:

Wilson has history of mental disturbances and has repeatedly indicated desire to associate himself with George Lincoln Rockwell's American Nazi Party. In view of threats against President Johnson, his claimed association with Oswald and his penchant to sympathize with American Nazi Party, it is suggested Internal Security review the Lloyd John Wilson file (157-1024) to see if further investigation from security aspects is warranted and if Wilson should be included on Security Index. Secret Service is aware of developments to date.
