DIRECTORY OF REPOSITORIES

*Description:* A library of television programs preserved on film or video tape, primarily produced in the United States, although some foreign television broadcasts are included. The collection is particularly strong in 1950's and 1960's drama and documentaries, but is weak in daytime and experimental television programming. Emmy-winning telecasts are generally included in the collection.

SEE ALSO: an annual title catalog available from the Library at a nominal cost, and other finding aids for use at the institution.
