*Why does this Report have Zapruder film "alterationists" terrified?*

| [SECRET](#) | 12/15/98 - We have consolidated our [Zapruder Film Information](#) pages - in order to make

the pages easier to navigate. Thank you for your suggestions! Vince Palamara updated his study, "**59 Witnesses: Delay on Elm Street**," and we have posted it there.

A brief bio on Roland J. Zavada, an excerpt from his Report on the exact cameras he used for testing, and Joe Durnavich's "*Depth of Field and Zapruder Film Authenticity*" study have been added to our [The Zapruder Film is Authentic](#) page.

*"I enjoyed the study..."* Roland J. Zavada has spent practically his entire 39+ year career in film research and development. When the ARRB contacted Kodak for a film analysis project, Kodak immediately thought of Roland Zavada. Here is his presentation, [Dissecting the Zapruder Camera](#), given earlier this year.

Many have been finding faults with "Fetzer logic" and "Mantik mistakes" and "White's mysterious anomalies" for over a year now. The panel of Dr. Josiah Thompson, Art & Margaret Snyder, and others formulated the truth in a coherent, logical manner last November in Dallas...and we have those - and subsequent studies - on our [Zapruder Film Information](#) page. *The collective works of Messrs. Lifton, Fetzer, Mantik, White, Twyman - and others who jumped on the "Z-film alteration bandwagon" - need to be carefully scrutinized.. WE WON'T BE FOOLED AGAIN!*

Our official copy of the Kodak/Zavada-Milch Report has arrived. It is a massive work - over 600 pages. If you're interested in viewing it - and you live in the Southern California area - please [email](#) me, and we'll set up a time and location to get together.

The Final Report of the Assassination Records Review Board (ARRB) is now [online](#), or as a 260Kb [ZIP file](#) you can download and view offline. Please un-ZIP it to its own DIRectory on your system, and use its "index.html" as your starting page.

I recently received a call from a curator at the [National Archives](#). She is working on a new exhibit of JFK-related materials, and wanted my source for a quotation used on my [Fritz Notes](#) page. *Just keeping me honest, I guess.* I have added a link to the NARA's "American Originals" site on our [Interesting Links](#) page.

Our [JFK FILES SITE](#) offers over 250 JFK-related texts, files, and graphics. The most "popular" files are offered below.

**Please [email](#) me with any comments, critiques, inquiries, or suggestions. Thanks for visiting!** -

## Our Most Popular Features

- Abraham Zapruder's film a "fraud?" A "fabrication?" Several respected researchers have jumped on this bandwagon. - "In the speech that my cousin was to deliver in the Trade Mart," Kerry McCarthy recalls, "many people mention the fact that he was to talk about the defense of this nation.
