Dear Mr. Weisberg:

Thank you for your letter of December 28, 1977, enclosing a copy of the Baird tape transcript. Too bad the Assassinations Committee didn't see fit to "leak" this in its entirety to the press, as they have done with testimony taken in "executive session". I am enclosing copies of press reports which appeared after these executive sessions, which may be of interest to you.

Also enclosed is check for \$25.00 to cover your costs of copying material already forwarded to me, and -- hopefully --any additional material which you or your good wife are able to locate in the future relating to Baird.

I will try to keep you advised of developments, if you are interested.

Sincerely,

*Junius V. Beaver, Sr.*
