

HSCA - Blakey

JL (DW), attached Newsprint 8/1/79 copy on Blakey and JFK conspiracy HW 1/19/80

Whatever one thinks of Blakey and his other conclusions he is explicit in stating that two men shot at JFK. He claims to base this on his experience as chief counsel and staff director of HSCA and what he knows of its investigation.

I believe that this can be pertinent in any remand in 75-226.

His reference to "how poorly" the case was investigated also appears to have pertinence.

My copy will be in the HSCA file under Blakey.
