

# Dr. Fields And Kenneth

## Adams In Anniston, Ala.

On Nov. 6th Dr. E. R. Fields and Kenneth Adams addressed a large crowd which gathered on the Courthouse steps in Anniston, Ala. Despite cool weather the audience was very enthusiastic. All four NSRP candidates on the ballot spoke and received a hearty applause. Dr. Fields spoke on the Reconstruction period which fol-

lowed the Civil War. He compared it to L.B.J.'s present Reconstruction of the South. Dr. Fields reminded the people of the great sacrifices our forefathers made to build this great land and assure us the traditions and heritages which have resulted in the fact that we are White today.

Dr. Fields urged one and all to place race first. He said the White people have not as yet fully demonstrated to the federal government to what lengths we are willing to go to stop forced mixing. Kenneth Adams reminded the audience of the traitors in our midst and named local sell-outs who could not be trusted.

The main purpose of the rally was to boost voter turnout for the election. The NSRP candidates worked hard and used the election machinery to spread the NSRP gospel. Many new supporters were recruited into the Ranks of the Party. The Party becomes much stronger each time it contests an election. At this writing the official canvass of the voting was not yet in, but we hope to announce our vote next month. The Party must continue to use political elections at every opportunity to present our views to the great masses of our people. In this manner more and more people will become familiar with our true cause and be attracted to our ranks. This is the most effective method of building the ranks of the NSRP that we have discovered to date.

### ITS PARTY

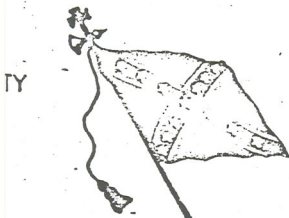

Local Chapter  
Headquarters

National States Rights Party. Upon  
will never betray it. I believe in  
Christian Immigration, the Com-  
America First and American Patriot-

ember of this great Party.
