2-5-68; an LA reporter tells me the FBI told him (off the record) that Wheat (nickname "pug") was born in Louisiana and once drew a life sentence for murder in Angola, La. (sentence later commuted and Wheat subsequently released); also supposedly drew a burglary rap in Texas; since March, 1965 reported to be resident of Klamath County, Oregon and "self-employed" as welder, logger and mechanic. GWR (Reporter had query from home office on guy relative to possible connection with Garrison investigation of JFK Assassination.)
