

UNIVERSITY OF MARYLAND

MCKELDIN LIBRARY
COLLEGE PARK, MARYLAND

April 16, 1974

To Whom It May Concern:

As the enclosed release indicates the University of Maryland has acquired the papers of former Vice President Agnew. The papers are not in the University Archives nor are they expected to be for quite some time. They will, in any case, not be available to anyone but Mr. Agnew until 1977. There is apparently a box listing, but that also is not available. Further inquiries should be directed to the Office of University Relations as noted in the release.

Sincerely,

Mary Boccaccio
Archivist
