

HW:

Yr note dated 30May73 about not being able to find a story of Cushman saying in LA he had felt "put upon" when Hunt asked to borrow CIA stuff, I find we've already sent you an AP version the Chronicle used May 30, and that the WX Post used a UPI version inside the same day, headlined: "General Says He Warned About Hunt." The "put-upon" bleat is toward the end in the UPI version. If you missed, we can supply a copy, but feel sure you probably have found it in the meantime.
