

13 Dec 73

Checked our file for clippings on Caddy, beginning with the first date you give and extending two weeks beyond, and the the only thing I found is one you already have, NYTimes 7/14/72.

In your letter to Lesar, 12/8/73, you say, "I have completed going over the unfiled early clippings and I have not found those on Caddy for which I was looking. What bothers me more than anything else is my clear recollection of writing memos on the missing clips "

Here are all the memos I can find mentioning Caddy, again through two weeks beyond 8/2/72. If your copies of the memos also are missing, you might want to keep these; if you want us to keep them, just return.
