

1) Alan J Campbell, Bryn Pm 5/22 3p-m ~ 24yo ex-ecutive  
1952 was the 'good' - military - from units & cabins  
quite in - did Records Unit work for him?  
not immediate - about Eisenhower to be made clear is Marshall  
didn't get between the German was made to "Alan" - military & the  
M J Marshall "not real order him to set up with intelligence  
activity <sup>release 13-phon</sup>  
Eisenhower <sup>for Perry</sup> release its story, was on the roll of Berlin back  
New firm.  
E worked for E H Johnson until Dean became counsel  
but as campaign got down, intelligence work done in school  
as he the got interested in campaign & work probably,  
security, etc. when it got nuclear order to be made Marshall  
secretary - ~~other~~ like Chapman at WH. Does Marshall - Dean  
& looking together in order of me to be left  
not asked explanation of the lead, sometimes and for word about  
C. has an excellent memory. ~ more should be, if there hasn't been,

2) Caulfield - 2 (9. m 5/123)

It is actually a defense of Nixon in which he alleges the CIA's infiltration of what Caulfield says and asks if there were things he does not know he used. But I had checked Gaid, as with paper, that what me I said is what Caulfield had in mind a way, in fact quite accurate (Nixon reportedly behind gathering

Apple like a full-faced Nixon)  
Caulfield go. I got call 3-4 pm 2/17/72 from Pat Boggs.  
Secret Service asking if he knew me last - had some of weeks in

On others.  
Baker go on to 4 morning CIA E, did not ask why me I thought it was wrong. I'd go into me I's returned also last sent info of my arrival.  
Morning CIA. Goes into me I's try way to establish proof of tapping. what me I first of all to is from. The government had need -

He later said he was to them. The government had need -  
had about tapping, name of this would have happened. But as Baker  
said

Example's I's I respects he knows - he was doing wrong. Baker asks of the had  
asked a man had heard at pass. Also no records in country by him  
any where.
