Re: Higby Deposition -  
Computer Printouts

Dear Judge Richey:

Please be advised that as counsel for two defendants in the State Democratic Chairmen case we take no position with respect to whether or not the Higby deposition should remain sealed.

With regard to parties in the civil proceedings being able to obtain Senate Select Committee computer printouts, the undersigned would be interested in obtaining such data if it is available at a reasonable cost. As to the form of the data, the undersigned suggest that the most helpful printout would be a printout based upon the "events" which have occurred. However, before taking a definite position, the undersigned will have to have a reliable cost estimate.

Sincerely yours,

Whiteford, Hart, Carmody & Wilson
