

Lesar is here and I have to keep myself free to assist in what he is requesting for the court so, I'm reading Dominican Diary is snatches. I don't want to forget what I regard as a certain Szulc proof. On page 69 he refs to the (in)famous list of 53 "Communists" I believe earlier attributed to LBJ. They are CIA. e does not say this. He avoids it by quoting the ambassador as attributing it to "our 'intelligence sources'" - having already acknowledged that 1/6 of the embassy staff was CIA openly. He then refers to this fake list as "the embassy's list" rather than CIA's or "intelligence source's"...Hanrahan is coming from the Post to copy what he wants from my Jaworski file except on Agent Oswald. I had planned to lend to Post but we are throwing some at appeals court. Jim has come around to my point of view and is including all he thinks he can get away with....Nat Enquirer chickened on my Russell stuff, "explaining" that he is dead, etc. HW 11/5/73
