

Dear Jim, the fat mailing with the Miami Herald 9/2/73 story on the oranges
today. To this moment it is all I've read. Among the things that have occurred to me one is
pretty farout, so for the moment I'd prefer not to say anything but to watch, if you see any-
thing else. Meanwhile, would you please send a copy to Mr. J.D. White, 35 Castle Rock Dr.,
Mill Valley, Calif. 94941? I'd like him and his wife to read this story without further com-
ment from me to see if, independently, they conceive the possibility I do. The copy you sent
is partly illegible, so a copy made from it will be less clear...On another matter, I have
heard from Gaudet's lawyer, who remembers me and is defending the Taos indictment on which
you also included a clip. She wants all the local stories. You will have the Post's, the
Star's, the NYTimes⁸ and perhaps others. I have only the early-edition Post's. I'd appreciate
it if when you have time you make a copy of everything you have other than the N.O. papers and
send them to me with a note of the last date covered. I will then compare with my file and
send to her. The Whites get other papers and the early edition of the Times, so I'll also ask
them to help this way. Please ask Bob and Bud if they have anything you don't, for if she asks
for other than N.O. clips she must have a reason. She is a fine person, can't be getting a fee,
and I know of other cases she has taken from principle and without fee. I have in mind a Warre
witness who was helpful to me and under my questioning in her presence blew her mind. This led
to one of Garrison's greater stupidities, one of his more serious failings. It could, really,
have broken the entire case and if it fell short, would have been an unimaginable sensation. .
is remotely possible we may be able to pick it up, with her help, later, HS 9/8/73
