

Young man named Zack, Rm. 402, AFL-CIO Bldg, deprt p.r., says that while AFL-CIO is making pro forma opposition to Ford nomination, they are not trying hard because there is a deal on the Hill that Ford's confirmation is quid pro quo for a crack at impeaching Nixon. I did not understand this to mean that Nixon would be impeached. Only that the effort would be possible. Apparently ~~there~~ is the strength to prevent, it is felt, if Ford is not confirmed first.
