"A Great detective story

..."

—Chicago Sun Times Showcase

"More frightening than
Watergate"

—Los Angeles Times

"One hell of a book . . . a
first rate dramatic story."

—The Village Voice

A HEARTBEAT AWAY is a story of old-time, big-city graft transferred to suburbia. A story of how loyalties and confidences come unraveled under the pressure of self-preservation. The story of a determined and defensive Justice Department trying to vindicate itself in the wake of Watergate.

A HEARTBEAT AWAY was written by Richard M. Cohen and Jules Witcover of The Washington Post. Cohen has been The Post's chief Maryland correspondent for four years and was one of the two reporters to break the Agnew investigation story. Witcover, a veteran political reporter, covered Agnew from the time he first came to national prominence, and is the author of three books on American politics, among them *White Knight: The Rise of Spiro Agnew*.
