

8/16/72 E.H.Hunt to HR, PH, JNS from HW

Enclosed are two new Who's Who bios and an expanded tabulation of them. Sorry I needed one of the tabulations for a reporter's request after making the copies. Would appreciate it if PH could send copy to JNS, tabulation only. The two sheets become one and with trimming can be a single page of xeroxing. Please note that this new info gives a different representation of his relationship with the Mullen p.r. firm. He was not just a hired typewriter, the published and accepted representation, but calls himself both v.p. and a director...If one of you recalls the name of the p.r. outfit used by the CIA to handle CRC statements time Bay Pigs, would appreciate knowing. By reading the Schlessinger 1000 Days index I could learn it, but takes too much time. I have no card on new name in today's ~~NY~~ papers, given here as Felipe de Diego, to be deposed and Bay Pigs vet. Can't understand some imissions in announced list depositions sought. One Post reporter now thinks that the bugging part of the mission was most likely for servicing but agrees no such manpower needed for that. ...There seems to be an inconsistency between the date of first FBI inquiry at Barker's bank on the \$114,000 and the firings of the Republican functionaries for refusing to talk to FBI. Too much time lapse...Think Post's sources have to include FBI on checks because banks wont show them and Post reporter saw stats. Not likely Demos have....Please note also exact wording pretended denial of Hunt contact for Ogarrio by son Alejandro:It is limited to his period of White House consultancy and does not relate to earlier years, three of which we know Hunt spent in Mexico. The can be interpreted as confirmation, not denial. Rubaber'd unquestioning use makes me wonder whose song he really sings. He is now looking for L.A. sugar-lobby involvement, has two hired Mexico researchers on this, so I wonder even more...With Bunt and Caddy officed at Mullen Co. and Bennett talking, can't understand Williams not wanting to depose them, too, esp. with admitted (Radio Free Cuba, i.e. Free Cuba Co,) CIA client. They don't even pretend to have worked for the committee but say the CIA was client. So, they have a predisposition to talk. HW
