

HW: We taped Colson on Face the Nation, thanks. Will pass Ehrlichman and the tape you made of your conversation with Malik at KPFFK, thanks. Hope to wrap and return to you five cassettes belonging to you which we still have. Finally dubbed your conversation on Farewell America on a long reel, hearing part during the dubbing. Never got around to auditing a newsman's forum and a Weicker news conference. Again many thanks, and if I'm candid about not finding time to listen to some of these it doesn't mean our appreciation is any the less.
