

According to CDN 6/1/73 Skolnick now has D Gunt's lode up to \$2,000,000, including in travellers' cheques (naturally, they leave no record, you idiots!). He claims to have two witnesses to police part in conspiracy, hiding their recovery of this and masking by announcing the \$10,000. His hearing to be next week. Am keeping but not copying this kind of junk. Another talk with Kessler last night: Cubans temporarily back burner, until he checks out GL's\$\$\$\$. IW 6/5/73
