

Ed, thanks for the GDN 6/15 story on UAL thinking of  
suing Stalnick. Right now I think they should and hope  
they would. Whether he be sick or venal, there must be  
some way of ending all that self-seeking evil. He not  
only hurts the innocent, he destroys the credibility of  
those who would like to be able to try to make a few  
improvements. As of this minute, if UAL asked for help,  
I'd offer it, and I think I have it, too. The attention  
he has gotten on this madness is incredible, as is the  
damage he has done. If anyone serves the function of an  
evil agent, it is not those he accuses but this madman.  
Thanks, LW 6/20/73
