

Jim, today's Nixon campaign funds story reminds me of something I have tried to get from several sources without success and can't now do for myself. There have to have been filings of the Cubans for Nixon. 1968 I think they called themselves Cuban-Americans for Nixon-Agnew. I don't know if there was one this round or if so, what named. It may reveal nothing but I think the chances of getting something should be worth the relatively slight costs to people like Nader, Common Cause, etc. Could you raise the question with Ron Floesser? It is possible for me to see things in what will appear innocent to others because of my specific knowledge of some of those farouts. I do have a file on Cuban-Americans for the 1968 election and gave you(pl) and the Post copies. The Post didn't use and wouldn't follow. Perhaps that file required correlation with others. My recollection is that besides tying in with fascists (duly honored by the Nixon people) there were links to CIA people in La. HW 9/29/73
