

Larry, Today's Post carries a story bearing very much on what I suggested about insurance in the Midway/Hunt crash. It is UPI's, datelined Chicago 12/28 and says 7 suits in addition to an earlier 3 not reported in Post were filed by Atty John. J. Kennelly. These 10 are for \$17,500,000.00. Kennelly also raises questions about de-icers on 737s. I have a hunch that Dorothy Hunt's survivors have not yet filed and will file separately when they do. At this rate the suits will total more than \$75,000,000.00. Anything new there?
