Would figure J. Carlstead is son or nephew. ~~XXXXXXXXXX~~
I would be surprised to see man of Carlstead's apparent wealth actually running one of the motels.

The reason the Holiday Inns in that area are of especial interest is the geography. ~~XXXX~~ Bloom Twonship is the Gateway for vehicular traffic to Chicago from the south and east with major toll and freeways converging at or near motel sites. Feds already have had interest in the chain.

There have been a number of apparent mob-connected gangs turning up as dealing in stolen negotiable securities, often stock certificates. FBI here seems to keep pretty good track of such operations. See enclosed which I need back.

~~XXXXXX~~ Best,
