

Ed, catching up will be very slow. Mailing of 5/3, hot-paper arrests and D. Hunt estate flap, very good. The AP story is substantially what was on the B wire, appearing locally. However, the Howard Marks-ChiToday 5/1 piece is fascinating. With her family, she names Buckley alternate beneficiary far back as 1967? ~~Hunt~~^{Buckley} "would not discuss his relationship to Hunt or the Watergate scandal"? To Hunt, to WG? Nash sent money to Hunt's WG lawyer? What better proof it is WG money? And why in two weeks did Nash not reply to Md. clerk of the court? Rather, to judge. Mysteriouiser and mysteriouiser! Anyway, DePugh has the right idea, offering the cell he just vacated to Mitchell!

Thanks. HW 5/13/73
