A former FBI agent reads this memo's "memo": Baldwin was a Democrat (he was tired of his former labors) just found out about at Demo!

Liddy had been washed - folks in W.G. His "instructions" to Baldwin, to "pick up & get moving" & not to go to Mac's home. Says Baldwin just "abandoned" the Ven. whom he delivered to wife who ~~took~~ they drove B back to DC.

When he spoke to Mac 7/73 re Baldwin, Mac doubted Baldwin, who had been rejected by CRP in looking for help.

"Why did you plead guilty?" Illegal witness seized in full evidence. "2 hole books" - The names, the frequent in portions of those who authorized "Gemstone"

1 page? Side B "Photograph anything with a fingerprint" instructions to "your photographer"

"Seamy" - what these were? "McManis, Inc" in them.

E. H. Stolz, Beard, Edle taking all he gives. I was sitting in the instructions of a former WH official in each case.

"Massive large-scale collection program" to have been begun. Name location.

1 page fields off failures - all - who was "successful"? Fiddling (only "unproductive") 1st W.G. date.

Whom, etc, suggestion of "one of Mrs. Liddy's papers."

W. W. ... 1/4 in B. Baldwin's under "Mr. Rep. Mason" in town. "Fat Jack" - spy in Markie camp. Calls from "agent handler" ??? And name John Buckleley.

Progress of relationship with the 4 Cuban Americans. Barker - 1st 1960 - Preparation for Bay Pigs.

2) Man no. contact with 3 others  
Ellis Bay & W.G. - dealt solely with Barker  
did he "understand" he still had "official position" of Barker  
Barker knew he was at WH & wrote Barker on WH letterhead.  
B. visited his office.

Orders to Barker: J.E.H. - Hunt, who got from Lilly:  
Barker "did not deal in directly with me in these matters".  
Because B also had contact with Lilly. B thought he  
was "working for an official of the U.S. govt."

Maxis Murray Hoffman's earlier speech - Barker  
says day before Hunt showed. Hunt says he did  
not know contents of speech before made but asked  
Barker to get filigree of approval secret.

Can't explain why he asked this if he had not  
known what the speech was to be about. Wrote Soke  
asks says "The question is not clear to me Hunt"  
asks next. Lilly told him what Hunt would say & what  
he got filigree. He assumed Barker would do nothing  
with no questioning. Barker, Hunt, Lilly

Waynes when he sought support. Only 4-5 CIA contacts
