

Js, I have been trying to remember where McCord said that Hunt told him he had enough to get Nixon impeached. I don't recall if in testimony, writing or letter to Sirica. As you know, when Hunt was before Ervin com. he was not asked this, what is it that you told McCord that would get Nixon impeached. So, if you can remember the source, without looking it up, I'd appreciate your telling me. Even if they didn't believe it, even if Hunt had denied it in executive session, they should have asked in public to leave the public record without this question...Hear Mae had a second Realist piece that is more rational but based on fact that is non-fact. Haven't seen. HW 10/18/73
