### Information concerning copyright in books

**When to Use Form A.** Form A is appropriate for published works which have been manufactured in the United States.

**What is a "book"?** The term "books" covers not only material published in book form, but also pamphlets, leaflets, cards, and pages containing text. Books include fiction, nonfiction, atlases, collections, directories, catalogs, and information in tabular form.

**Unpublished Books.** The law does not provide for registration of "book" material in unpublished form. Unpublished books are protected at common law against unauthorized use prior to publication.

**Duration of Copyright.** Statutory copyright in published books lasts for 28 years from the date of first publication, and may be renewed for a second 28-year term.

#### How to secure statutory copyright in a book

**Step 1: Produce Copies With Copyright Notice.** Produce the work in triplicate by printing or other means of reproduction. To secure statutory copyright, it is essential that the copies bear a copyright notice in the required form and position, as explained below.

**Step 2: Publish the Work With Copyright Notice.** The copyright law defines the "date of publication" as "... the earliest date when copies of the first authorized edition were placed on sale, or publicly distributed by the proprietor of the copyright or his authorized agent, in the United States or in any foreign country, by his authority, . . ."

**Step 3: Register Your Copyright Claim.** Promptly after publication, file an application for registration with the Copyright Office, Library of Congress, by mail to the Register of Copyrights, Library of Congress,

Washington, D.C. 20559, two copies of the work as published with notice, an application on Form A, properly completed and notarized, and a fee of \$6.

**The Copyright Notice.** The copyright notice for books shall appear on the title page or verso thereof, and shall consist of three elements: the word "Copyright," or the abbreviation "Copr.," or the symbol ©, accompanied by the name of the copyright owner and the year date of publication. Example: © John Doe 1974. Use of the symbol © may result in securing copyright in countries which are members of the Universal Copyright Convention.

NOTE: It is the act of publication with notice that actually secures copyright protection. If copies are published without the required notice, the right to secure copyright is lost, and cannot be restored.

#### Books manufactured abroad

**General.** Form A is not appropriate for books which have been manufactured outside the United States.

**Foreign-Language Books.** Applications covering foreign-language books by foreign authors, manufactured abroad, should be submitted on Form A-B Foreign.

**English-Language Books.** Books in English manufactured abroad may be registered for "ad interim" copyright (Form A-B Ad Interim); or, if they are protected under the Universal Copyright Convention they are eligible for full-term registration on Form A-B Foreign.

**Ad Interim Copyright.** Ad interim registration is necessary for protection in the United States unless copyright has been secured

under the Universal Copyright Convention. To secure ad interim copyright a claim must be registered within 6 months of first publication abroad. Ad interim copyright lasts for 5 years or until an American edition is published within the 5-year period and registered.

(2) **Universal Copyright Convention.** An English-language work by a foreign author first published abroad is eligible for full-term U.S. copyright if: (a) its author is a citizen or subject of a country which is a member of the Universal Copyright Convention, or the work was first published in such country, and (b) all published copies bear the copyright notice provided under the Universal Copyright Convention.
