Dear Harold,

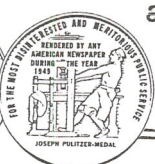

Thanks for the possible sources on Osanka. He's turning out to be an interesting bird. The White House denies any knowledge that he ever worked for them. He once claimed to be a S. East asia and "domestic problems." expert. Putting those two areas of expertise together one comes up with interesting possibilities.

I'll copy Sherman's thing as soon as I have the stomach to opening my file again. After two days of listening, I'm blocking. We have a super new Xerox that copies fotos and so on.

I started out looking into our own domestic spooks and ~~XXXXXXXX~~ began getting snifs that perhaps perhaps they won't turn out to be domestic. If thats vague it should be.

I bought a new tape deck for my stereo, so now I can turn out rather pro-type dubs. On records or radio its impossible to tell the difference.

I've got so many irons in the fire right now. I came into a guy who is being used by local narcs as a spy, who's ready to spill his guts. He was busted and they said if he would turn in friends etc then they wouldn't etc, etc.

The other movie is The Parallax View, starring Warren Beatty. They began shooting (so to speak) april 2.

I've been bugging the W. Clement Stone people about the \$15,000 they got from Creep. They finally admitted that it came in \$100 bills in a plain brown by private messenger. Said they didn't get the messengers name, and that he isn't anyone they have seen on TV Watergate yet. They did not record numbers on the bills. Said they just put into bank. I don't believe them. Why does a guy who gives Nix \$2 mill and charities \$5 mill need \$15,000 in untracable money from D.C. Went to a lot of trouble for so little.

wrong word!

I also found ~~WIKI~~ a source who sd he can give me Segretti's old roommate from the military. I don't know what the guy has to say but it would be worth the trouble.

Sherman's theory abt. Bud really is very logical for him. What better way to cover up something than to centralize the efforts to uncover it in one of your own people? I don't believe it but I can see how he can turn paranoia into gospel. The piece is 2 pages tab paper size and rather amazing.

Sherman has gotten himself involved with some minor underworld people who may prove to be his final undoing. They are also from Indiana where they lack the sophistication of Chicago. I wish you could have seen the guy testifying in a bullet-proof vest. I quickly went to the bar and stocked up to have strength.
