President Ford has accepted an invitation from president Park Chung Hee to visit South Korea November 22 and 23, it was announced yesterday.

Mr. Ford will go to Korea following an already scheduled three-day visit to Japan, where he plans to hold talks with Japanese Prime Minister Kakuei Tanaka on November 19.

Tanaka will visit Mr. Ford at the White House today.

Park's government has been under attack by opposition political forces and his wife was slain in an assassination attempt against Park in August.
