Garrison attacks "fake photo" supplied by CIA to Warren Commission when latter requested photo of Oswald leaving Cuban embassy in Mexico City with another man. Photo supplied showed chunky man alone, labeled unidentified. Garrison said Oswald and the Cuban with whom he was photographed in Mexico a few days? before Kennedy's assassination were "seen frequently together in New Orleans and Dallas in November of 1963. It is perfectly obvious that the reason the true picture of Oswald and his companion was withheld, and a fake picture substituted, was because one of both of these men were working for agencies of the united States government here in the summer of 1963." *New Orleans States-Item* 5/6/67
