

Habghorst, Aloysius J. Police Chief Giarusso says he's having investigated Patrolman Habighorst's story to the District Attorney that he recorded Clay Shaw's alias of Clay Bertrnd on Shaw's booking sheet. Wants to know why police dept hadn't heard about this. Newsmen who examined police records on Shaw at the time found no mention of Clay Bertrand, says story. *New Orleans Times-Picayune*, 7/28/68

Former New Orleans policeman who helped book Clay Shaw the night of 3/1/67 and who on 7/26/68 revealed on TV Shaw had "freely admitted" having used the alias of Clay Bertrand and that this appears on both his fingerprint cards and booking sheet. Chief Giarusso releases copies after District Attorney authorizes, apparently because Shaw's attorneys making a fuss about it. Appears Habighorst. may have made more than the customary three copies of the fingerprint charts although in statement to District Attorney 1/23/68 he says he made only three. Other officer involved is Patrolman James Millet. *New Orleans Times-Picayune*, 7/30/68, *New Orleans Times-Item*, 7/30/68

Police Chief Giarusso explains how TV reporter broke the story, how Habighorst had cleared it first with both police and Alcock, and that the retention of extra copies by officers was "not unusual" if they might have to appear in court on the case. *New Orleans Times-Item*, 8/6/68

Hall, Loran Eugene

Subpoenaed by Garrison with Howard and Beckham. Judge Braniff sets 2/1 and 2/2 for appearance before grand jury. Subpoena says Hall checked into Dallas YMCA in 10/63 and remained in Dallas until time of JFK slaying. Was in Dallas with Jack Ruby and others involved. Hall brought a weapon to Dallas shortly before, had been active in the Free Cuba movement in Florida, Louisiana and Texas, and had been engaged in CIA-sponsored guerrilla training in Florida for raids on Cuba. Hall associated with Oswald in Dallas, had been in contact with Ferrie and others at 531 Lafayette, was present at discussions about the assassination beforehand. Immunity promised. Alias given as Lorenzo Fascillo and Skip Hall. Says Hall was a *Minuteman* in 1963. *New Orleans Times-Item*, 12/29/67

Hall says "charges are absolutely false." Says on 11/22/63 he was at his then home in Monterey Park. Said he would force Garrison to extradite him but "I'm going to go because I think it's time the American people found out the whole truth about the Kennedy assassination." Says Garrison may be on right track but describes him as a man with axes to grind. *San Francisco Examiner Special*, 12/30/67

Denies he ever knew Ruby, Ferrie or Oswald but says he was in Texas during the time the subpoena noted and had been active for one year in Free Cuba movement. Identified as bartender at Wofford Heights, CA., *San Francisco Chronicle AP*, 12/30/67

New witness located by Garrison says he was questioned by FBI about Hall and the .30 caliber rifle on the day after the assassination. FBI stripped Dallas police files of all pertinent material about arrests of Hall and Seymour in mid-October 1963 in September 1966. *Ramparts*, 1/68, p. 64, William W. Turner

Hall says he won't go to New Orleans voluntarily but will if district attorney gets a court order. "I have nothing to hide." Says he told the FBI the story about the Odio visit because he was frightened and says it never happened. Worried about all these people getting killed. Opposed JFK, but should be with ballots, not bullets. Dislikes Warren. Calls self a militant conservative, thinks Oswald was a communist. *New Orleans Times-Item*, 1/2/68

Says he does not know most of the men Garrison alleges he conspired with [District Attorney has made no such allegation] but that he was in Dallas a few weeks before the assassination and that he is friends with two of the men

Garrison names in the conspiracy. [Who? District Attorney has charged only Shaw and Bradley.] *San Fernando Valley Times*, 1/3/68

Says he didn't meet with Mrs. Odio but falsely told FBI he did because he was frightened. *Bakersfield Californian*, 1/3/68

Steve Burton's version of Hall's statements about his subpoena. "If he (Garrison) came up here and said 'Skip, what do you know about the assassination?' I would have told him everything. But now, if he came here. I'd probably kick him. The city of New Orleans may find themselves with a lawsuit." *LA Free Press*, 1/5/68

Bakersfield Judge P. R. Barton denies District Attorney's request that Hall go to New Orleans to testify. Yellowed with jaundice, Hall says he'll enter Veterans Hospital in LA next day for treatment. Says Garrison may charge him with conspiracy. *New Orleans Times-Item*, 1/24/68

In a surprising reversal, Hall says he has told Gov. Reagan's extradition secretary Edwin Meese in Sacramento that his memory has been recently refreshed concerning events in 1963 and that has been reminded of certain persons involved. *LA Times* correspondent Jerry Cohen, a former New Orleans man, infers this includes Bradley, whom Hall has denied knowing. Hall says he spoke at more than 50 meetings in LA area in early 1960s and on almost every occasion he would hear people talking about ways to get rid of JFK, Warren and others. Says he has been giving serious thought to testifying for Garrison, despite the exemption he won at Bakersfield. Said he went before the same court again and was assured he would not be charged with perjury in view of his refreshed memory, and that he appeared before Meese to protect himself in case he does go to New Orleans, which he has been considering. Meese declined comment. Hall says he has supplied Meese with the names of some of the individuals he met in the LA area in 1963. *LA Times*, 5/1/68, Jerry Cohen

Hall tells LA press conference, he now plans to go to New Orleans next week,, that he heard talk at LA meeting in 9/63 of lilling JFK, that Bradley was present at the meeting at the home of G. Clinton Wheat at 233 S. Lafayette Park Place where another guest was Co. William P. Gale, head of the California Rangers. (Bradley denies he ever knew or met Hall). Hall says he heard tape made in Miami 11/9/63 at meeting of states righters where patsy selected and killer named as a man who had been following Martin Luther King around the country. Denies he ever knew James Earl Ray. Says three attempts been made on his life since in involvement with Garrison probe became known, and that he has two bodyguards, but declined to say who paying them. *San Francisco Examiner UPI*, 5/3/68

District Attorney says Hall has been in New Orleans talking to his office and that "It is apparent that Hall was in no way personally connected with the events culminating in the assassination of President Kennedy in Dallas. Charges Hall's name was purposely injected into the Warren Report "so that any effort to investigate the assassination would cause his name to appear. There elements of a professional intelligence agency execute an assassination, as was the case in the murder of President Kennedy, the operation includes not only the setting up of a decoy -- like Lee Harvey Oswald -- but the creation of artificial leads pointing to persons who are actually not involved." Thanked Hall as a cooperative witness. *New Orleans States-Item*, 5/11/68

Long interview on his experiences in New Orleans with Garrison. He appears to have swung over to District Attorney's view that radical rightists and the CIA executed JFK. Says Bradley has got word to him to get off his back. Says someone stuck a needle into him at a New Year's party before he came down with serum hepatitis, someone tried to run him down with a 1954 Mercury, and someone loosened bolts on his steering wheel. *LA Free Press*, 5/24/68

Gives remarkable, full account of his involvement, claim: that as an anti-Castro fighter he was set up to be used as a diversion. Claims he never saw Mrs. Odio, that the FBI could not tolerate evidence that Oswald was not in Mexico and that he, Seymour and Howard were used a red herrings.

Says was offered \$50,000 to kill JFK in Dallas in 10/63 but turned it down. Despite two attempts on his life feels better for having told District Attorney of right wing plot because there would be no point in killing him now. *National Enquirer*, 9/1/68

Halleck, Charles W.

Judge, Court of General Sessions, Washington, D.C. Orders National Archivist Dr. James B. Rhoads to show cause why he should not produce JFK autopsy photos and X-rays as asked by Garrison. *New Orleans States-Item*, 1/10/69

Rejects subpoena for autopsy material, says he will reconsider if District Attorney can produce evidence that subpoena was not a fishing expedition, a frivolous attempt to obtain what must certainly be sensational X-rays and pictures.

Says release of panel report has seriously questioned District Attorney's contentions, gives District Attorney two weeks to produce evidence that the pictures would support his view of the conspiracy.

Bertel protests that the judge is asking the District Attorney to "try our case in this court."

Halleck says he will hear witnesses in closed hearings to protect District Attorney against disclosing case to Shaw defense. 1/27/69
