

Eric Norden, by telephone on Joe Dolan call-in program,
KNEW Oakland. (Not verbatim.)

Speaking of assassination of Malcolm X: The only force in
the U.S. which could send out the word that
Malcolm had to be liquidated was the CIA.

U.S. agencies are deciding which Americans live or die; we
are coming to 1984.

On Garrison: He definitely is on the track of something.

Norden is writing article on Garrison and his
investigation.
