MIA Response

Held Possible

MOSCOW, Aug. 18 (UPI)—
Premier Alexei Kosygin told
visiting U.S. presidential can-
didate Terry Sanford today
that he feels the Vietnamese
would be responsible to a
“proper approach” by the
United States about men miss-
ing in action in Indochina.

Sanford, former governor
of North Carolina and an an-
nounced candidate for the
Democratic presidential nomi-
nation in 1976, said Kosygin
hinted that there might be
some counterdemand on the
part of the Vietnamese if they
permitted American search
teams to visit North Vietnam
to search for the bodies of
missing men.

One possible concession
cited by Kosygin as an illus-
tration might be American ap-
proval of Vietnamese member-
ship in the United Nations,
Sanford said. The United
States vetoed membership for
North and South Vietnam
when the U.N. Security Coun-
cil voted on the issue Aug. 11.
