Man Charged in Theft

Of JFK Jr.'s Bike

NEW YORK, Sept. 17 (AP) —A Manhattan jury today indicted a young man accused of stealing the bicycle of John F. Kennedy Jr. in Central Park.

Robert Lopez, 20, is charged with first-degree robbery, third-degree grand larceny, and possession of a dangerous weapon. The indictment said the 13-year-old Kennedy's bicycle was stolen last May 14 and that he was threatened with "a dangerous instrument, to wit, a stick." On Sept. 9, criminal court charges against Lopez were thrown out because the late President's son failed to appear for the fourth time.
