

## **A Bulletproof Bubble For Sirhan Is Cleared**

Special to The New York Times

LOS ANGELES, June 25—  
The Board of Supervisors of  
Los Angeles County author-  
ized today the building of a  
bulletproof bubble to protect  
Sirhan Sirhan during his trial  
for the murder of Senator  
Robert F. Kennedy.

County Supervisor Kenneth  
Hahn said he had asked  
for the appropriation, which  
could be up to \$20,000, after  
discussions on the suspect's  
security with Sheriff Peter  
Pitchess and Judge Donald R.  
Wright of Superior Court.

Mr. Hahn said the need for  
the protective bubble in court  
to guard against an attempt  
on the 24-year-old Jordanian's  
life was "a great emergency."

He declined to describe the  
covering exactly, except to  
say that it would be made  
of armor plating and bullet-  
proof glass.
