Sirhan Loses

New Trial Bid

The California Supreme Court has rejected without comment a petition for a new trial for Sirhan Sirhan, who is serving a life sentence in San Quentin Prison for the assassination of Senator Robert F. Kennedy.

In the petition filed January 13, Sirhan's attorney, Godfrey Isaac, of Los Angeles, claimed new ballistics evidence indicated more than one gun may have been used in the shooting of Kennedy, but the Supreme Court rejected the petition Wednesday.
