Data on Dr. King Not Fully Viewed

by John M. Crewdson

Washington, Dec. 23 - Investigators for the Senate Select Committee on Intelligence have declined to examine fully the file compiled by the [FBI] on the activities of the Rev. Dr. Martin Luther King Jr., despite an offer from the Justice Department to make the complete file available to the committee staff.

.....

NYT, in correction 26 Dec 75, says that "because of a typographical error" a dispatch from WX reported that the committee was not considering asking for all the files on King. "The article should have said that the committee was considering making such a request."
