

Dita Stricken Again**Denver**

Lobbyist Dita Beard was in satisfactory condition and under 24-hour nursing care at her apartment yesterday evening, her physician said, after suffering two mild seizures of angina pectoris Thursday. 13 APR

Dr. L. M. Radetsky said he at first recommended that Mrs. Beard, 53, return to the hospital, although she chose not to.

"But I think we can handle it in the apartment now," he added.
