

Bomb Damages Stores

MIAMI, Sept. 19 (AP)—A predawn bomb today shattered windows in four stores of a building from which an anti-Castro revolutionary organization, Second Front-Alpha 66, had recently been evicted in Miami's Little Havana section. An exile group whose name, Revolutionary Cellular Organization, was unknown to newsmen covering the Cuban colony said it had bombed the building. The organization made the statement in a news release slipped under the door of a radio station.
