**CUBAN EXILE OFFICE
IS RAIDED BY F.B.I.**

MIAMI, May 25 (UPI)—Agents of the Federal Bureau of Investigation, armed with search warrants, raided the headquarters of Alpha 66, a militant Cuban exile organization, today.

Six agents arrived at the Alpha 66 offices in a section of Miami, known as Little Havana, shortly after 10 A.M., apparently looking mainly for weapons and ammunition.

They found none, according to Diego Medina, Alpha 66 information officer, but confiscated some military web belts and water canteens. He said the agents also took away photographs, letters, receipts for public donations and various documents. No arrests were made.

The search warrants, signed

by Edward P. Swann, United States Commissioner, said there was reason to believe that there were "certain effects related to recruiting and donations for the purpose of preparing a military expedition from United States territory against a nation with whom the United States has not declared war, that is against Cuba."

Alpha 66 recently sank two Cuban fishing boats and held their 11 crewmen prisoners for about a week in a futile attempt to force a prisoner exchange with the Cuban Government.
