

6 July 1969

Director of Publications  
Center for the Study of Democratic Institutions  
Santa Barbara, Calif.

Dear Sir:

On or about 16 November, 1967, District Attorney Jim Garrison of New Orleans visited the Center and met with several of its staff.

As a collector of materials on Mr. Garrison and the whole field in which he became publicly involved early that year, I write to inquire whether a tape and/or transcript of his remarks at the Center and discussions with its members are available.

If so, please advise the costs involved and any further requirements I might need to meet in order to obtain copies of this material, which I consider probably essential to any collection on the subject.

Thanking you for your consideration,

  
James D. White
