Nixon's

Little

Slip

SFChronicle
San Clemente

President Nixon had to be corrected three times yesterday as he cited a wrong figure in discussing the new 27,000-man Vietnam troop ceiling that will take effect December 1.

Mr. Nixon on each occasion told a news conference the figure was 27,500.

Standing nearby, White House press secretary Ronald Ziegler on each occasion silently formed with his lips the correct figure for the press corps.
