

Mrs. Nixon Honored

Washington, Feb. 20 (UPI) - Mrs. Richard M. Nixon echoed the sentiments of the President in paying tribute to the American prisoners of war Tuesday [20 Feb] when she accepted the Molly Pitcher Award from the Women's Forum on National Security. In an appearance at the International Ballroom at the Washington Hilton Hotel, she praised those who worked for peace in Vietnam "and the dignified return of prisoners of war rather than leaving them behind for future bartering."
