## Tricia Is Up And Around-- 'Much Better'

Washington

The White House said yesterday that Tricia Nixon Cox, who was admitted to Georgetown University last week for medical tests, is up and around and feeling "much better."

Helen Smith, Pat Nixon's press secretary, declined to discuss the nature of Mrs. Cox's illness. She said the President's daughter "had the normal kind of test." Mrs. Cox missed Mrs. Nixon's birthday party at the White House Saturday night.
